

D4Science Infrastructure - Task #10205

Please add a reverse proxy in front of Studio (orientdb web ui)

Nov 03, 2017 05:16 PM - Luca Frosini

Status:	Closed	Start date:	Nov 03, 2017
Priority:	Normal	Due date:	
Assignee:	_InfraScience Systems Engineer	% Done:	100%
Category:	Application	Estimated time:	0.00 hour
Target version:	Resource Provisioning		
Infrastructure:	Development, Production		
Description Studio run on port 2480 on http. We should add a reverse proxy in front of the instance providing https capabilities. The port should be public accessible. The rest of the ports of orientdb have to be restricted to the internal network only.			

History

- Assignee changed from Luca Frosini to _InfraScience Systems Engineer

About what we was discussing earlier: isn't it better if we enable a haproxy backend? parthenos.d4science.org/orientdb/

#2 - Nov 03, 2017 05:46 PM - Luca Frosini

Ok for me, I don't have any preferences.

Done. <https://parthenos.d4science.org/studio/index.html>

#4 - Nov 03, 2017 06:55 PM - Andrea Dell'Amico

- Status changed from Closed to In Progress

- % Done changed from 100 to 30

Hm. It does not work, it seems that we need to redirect the whole /. But we must change the hostname.

#5 - Nov 03, 2017 07:26 PM - Andrea Dell'Amico

I used <https://orientdb.parthenos.d4science.org/studio/index.html> and yes, all / must be exposed.

#6 - Nov 03, 2017 07:27 PM - Andrea Dell'Amico

- Status changed from In Progress to Closed

- % Done changed from 30 to 100
