D4Science Infrastructure - Task #10964

Make tabulardata databases accessible from garr nodes

Jan 17, 2018 04:26 PM - Lucio Lelii

Status:	Closed	**Start date:**	Jan 17, 2018
Priority:	High	**Due date:**	
Assignee:	_InfraScience Systems Engineer	**% Done:**	100%
Category:	Application	**Estimated time:**	0.00 hour
Target version:	No Sprint		
Infrastructure:	Pre-Production, Production		

Description

History

#1 - Jan 17, 2018 05:07 PM - Andrea Dell'Amico

To the people unaccustomed to Lucio's terse way of explaining things: the description of this ticket means *the rstudio users (not only the GARR ones I presume, Note by me) are now running R code that must access the production tabulardata database, read only*

#2 - Jan 17, 2018 07:53 PM - Andrea Dell'Amico

- Status changed from New to In Progress

- % Done changed from 0 to 90

I manually changed the firewall rules because that VM is not covered by the provisioning server. It still lives because we are waiting 'don't know what' to move the DB on a proper server.

#3 - Jan 17, 2018 07:54 PM - Andrea Dell'Amico

- Status changed from In Progress to Feedback

- % Done changed from 90 to 100

#4 - Jan 18, 2018 11:07 AM - Lucio Lelii

- Status changed from Feedback to Closed

the database is now accessible from the RStudio server nodes
