

D4Science Infrastructure - Task #1112

Cotrix Portlet undeployment

Oct 19, 2015 03:46 PM - Massimiliano Assante

Status:	Closed	Start date:	Oct 19, 2015
Priority:	Low	Due date:	Oct 30, 2015
Assignee:	Massimiliano Assante	% Done:	100%
Category:	Other	Estimated time:	0.00 hour
Target version:	UnSprintable		
Infrastructure:	Production		
Description Cotrix Portlet no longer works and we have no effort to maintain it. It should be removed (it was already removed from the Layout of TabMan VRE in production)			
Related issues: Blocked by D4Science Infrastructure - Support #1213: Cotrix Portlet maintenance Closed Oct 22, 2015			

History

#1 - Oct 19, 2015 03:47 PM - Massimiliano Assante

- Related to Upgrade #1074: D4Science Gateways upgrade to gCube 3.9.0 added

#2 - Oct 20, 2015 04:08 PM - Massimiliano Assante

We successfully restarted Cotrix, however <https://i-marine.d4science.org/group/tabulardatalab/cotrix> still has problems in recognising the user from the portal, so I still think it should not be in the portal. (the portlet is hidden in the layout)

#3 - Oct 27, 2015 02:07 PM - Massimiliano Assante

- Blocked by Support #1213: Cotrix Portlet maintenance added

#4 - Nov 04, 2015 09:28 AM - Massimiliano Assante

- Related to deleted (Upgrade #1074: D4Science Gateways upgrade to gCube 3.9.0)

#5 - Nov 04, 2015 02:36 PM - Massimiliano Assante

- Status changed from New to In Progress

- Target version changed from D4Science Infrastructure Upgrade to gCube 3.9.0 to UnSprintable

#6 - Nov 04, 2015 02:36 PM - Massimiliano Assante

- Status changed from In Progress to Paused

According to the feedback received by FAO the activity can be paused.

#7 - May 02, 2016 12:27 PM - Massimiliano Assante

- Priority changed from Normal to Low

#8 - May 04, 2016 12:26 PM - Massimiliano Assante

We don't use Cotrix anymore since 7 months, i think we may consider to Save this VM hosting the web application and allocate its resources to other applications @pasquale.pagano@isti.cnr.it

#9 - May 04, 2016 12:46 PM - Pasquale Pagano

Cotrix is not an infrastructure application but a community one. If it doesn't work and it is not used, it can be undeployed and removed from the portal. The infrastructure is not responsible and cannot maintain not featured applications.

#10 - May 13, 2016 10:33 AM - Massimiliano Assante

The portlet integrated in the portal does not work, the standalone application (<https://cotrix.d4science.org:8443/cotrix/>) instead seems to respond but I'm not able to determine whether it is working nor if it is being used by someone. @tommaso.piccioli@isti.cnr.it is there a way to know if this host is being contacted from outside CNR network?

#11 - May 13, 2016 03:08 PM - Tommaso Piccioli

These are the single click from outside CNR network.

Three times connections are from FAO network (last on 2016-05-02), other times are from adsl networks.

#12 - May 13, 2016 06:05 PM - Tommaso Piccioli

In the meantime deleted the cotrix-dev.d4science.org host.

#13 - Oct 27, 2016 04:58 PM - Massimiliano Assante

- Status changed from Paused to Closed

- % Done changed from 0 to 100

not sure if the cotrix.d4science.org was destroyed, but if it wasn't already please do.
