

D4Science Infrastructure - Task #11290

Storage: mongo5 not synced with the other members

Feb 22, 2018 05:53 PM - Roberto Cirillo

Status:	Closed	Start date:	Feb 22, 2018
Priority:	Urgent	Due date:	
Assignee:	Roberto Cirillo	% Done:	100%
Category:	System Application	Estimated time:	0.00 hour
Target version:	mongo5: full resynch		
Infrastructure:	Production		
Description mongo5 instance is stale since this night after the backup procedure. It's needed to perform a procedure for resynch mongo5 with the other members. In the meanwhile is strongly suggested to decrease the workload on all the storage cluster. Sorry for the inconvenience.
