History

#1 - Mar 30, 2018 03:14 PM - Andrea Dell'Amico

- Status changed from New to In Progress

#2 - Mar 30, 2018 07:17 PM - Andrea Dell'Amico

- % Done changed from 0 to 80

The replica has been configured in the same way of the other one, but it's not working.

#3 - Apr 03, 2018 02:10 PM - Andrea Dell'Amico

- Status changed from In Progress to Closed

- % Done changed from 80 to 100

I've found and fixed the problem. Now there's a README\_ldap.md file that explains the procedure and offers some commands useful to check the status.  
I also fixed all the playbook tasks, so that now a new replica is installed with all the schema needed to run correctly.
