| **Infrastructure:** | Pre-Production, Production | | | |

### Description

Since we don't have admin rights to the RDB production (wecafc) database, we are not able to upload a new reference spatial table that we need for publishing a new set of geo-referenced timeseries.

Would it be possible to upload the attached countries shapefile?

Many thanks in advance

### History

**#1 - May 23, 2018 05:37 PM - Kostas Kakaletris**

- *Status changed from New to In Progress*

- *% Done changed from 0 to 100*

- *Infrastructure Pre-Production added*

I added the shape file both on production and pre-production databases (table countries).

Please verify that is working properly.
