History

#1 - May 25, 2018 10:08 AM - Roberto Cirillo

- Status changed from New to In Progress

#2 - May 25, 2018 10:16 AM - Roberto Cirillo

- Status changed from In Progress to Closed

- % Done changed from 0 to 100

I've restarted the tomcat using the following command by root:

```
service tomcat-instance-8180 restart
```

I've not found any script for starting/stopping the tomcat container in the gcube's home.
Now the container seems to be restarted correctly.
