<b>Description</b>			
<p>@marketak@ics.forth.gr @minadakn@ics.forth.gr my colleague @roberto.cirillo@isti.cnr.it is going to deploy in production the new version of our service.</p> <p>@roberto.cirillo@isti.cnr.it will notify us the service is deployed by closing the blocking ticket <a href="#">#11970</a>.</p> <p>Please wait for the comment on this ticket of @francesco.mangiacrapa@isti.cnr.it to start the process because he has to clean the CKAN database.</p> <p>Are there any technical issues which prevent to submit only a subset of records? This could help any of us to better investigate possible other issues.</p> <p>@aureliano.gentile@fao.org please don't start to send feedback until @marketak@ics.forth.gr or @minadakn@ics.forth.gr close to ticket to notify us that their process is terminated.</p>

We are ready to start publishing records whenever ready. I see that for the time being GRSF-Admin contains all the legacy records. We can try publishing a few GRSF records to see if everything is OK.

I confirm that there are no technical issues in publishing (and removing) a subset of these records.  
Please let us know, when we can start.

#### #3 - Jun 19, 2018 10:46 AM - Francesco Mangiacrapa

The GRSF service was updated to the latest version available (see at: [#11970](#))  
You can start publishing (a few GRSF) records whenever you want.

Thanks, Luca and Fransesco,

Just started publishing GRSF records.

#### #5 - Jun 19, 2018 12:28 PM - Luca Frosini

- Status changed from New to In Progress

@marketak@ics.forth.gr @minadakn@ics.forth.gr I noticed some null pointer exception on Stock creation and I have to investigate the issue.  
Can you please stop the publication?

If you can provide me an example of JSON of records you are trying to publish it will be very useful.

The war created by the building system differs from local version I used to test the changes.  
The war contained wrong dependencies. We fixed the war and started the service again. You can restart the process as you wish. Sorry for the issue.

**#8 - Jun 21, 2018 09:00 AM - Yannis Marketakis**

Thanks for the update Luca,  
  
I'll start publishing right away.

**#9 - Jun 26, 2018 11:59 AM - Yannis Marketakis**

We have managed to published GRSF records.  
However, we faced a few errors. More specifically, (a) a GRSF record could not be published and (b) some GRSF stock records could not be updated.  
  
I'll open the corresponding issues for these cases.
