

D4Science Infrastructure - Task #12262

Wrong Rprofile settings for the dev workspace

Jul 27, 2018 05:58 PM - Andrea Dell'Amico

| Target version: | UnSprintable                            |                 |              |
| Infrastructure: | Development, Pre-Production, Production |                 |              |

Description

I've just found this piece of code into the Rprofile that we distribute:

```
getCredentials<-function() {
  machinename<-Sys.info() [['nodename']]
  g<-regexpr(".*(-d).*", machinename)

  if (g[1]>0){
    workspaceurl<-"http://node11.d.d4science.research-infrastructures.eu:8080/home-library-webapp"
  }else{workspaceurl<-"http://workspace-repository.d4science.org/home-library-webapp"}
```

Two problems here:

- The dev workspace changed name months (more than a year?) ago
- The URLs are plain http

If there are no objections I'm going to ckange it into

```
getCredentials<-function() {
  machinename<-Sys.info() [['nodename']]
  g<-regexpr(".*(\\dev\\.).*", machinename)

  if (g[1]>0){
    workspaceurl<-"https://workspace-repository.dev.d4science.org/home-library-webapp"
  }else{workspaceurl<-"https://workspace-repository.d4science.org/home-library-webapp"}
```

Let me know.

History

#1 - Jul 30, 2018 05:39 PM - Andrea Dell'Amico

- Status changed from New to Closed
- % Done changed from 0 to 100

I also added a default mirror site for CRAN.
