### History

#### #1 - Sep 07, 2018 05:20 PM - Luca Frosini

@marketak@ics.forth.gr maybe this is an encoding issue. Can you check the KB content?

#### #2 - Sep 11, 2018 08:47 AM - Yannis Marketakis

- File f0a3c335-1a7d-30e2-b906-df7ae9a33fd3.json added

- File 8bb5d97c-ea65-39e2-aa02-20a087cce8d8.json added

@luca.frosini@isti.cnr.it the GRSF KB contains them with the proper encoding.

Moreover, the json serialization that is used for publishing the records contains the text with the proper encoding as well (attached you will find the json objects for these two records.)

It should be an issue with the presentation of the fields (if you notice the short name as it appears under the title of the record it has the proper encoding).

#### #3 - Mar 21, 2019 05:02 PM - Luca Frosini

#### #4 - Mar 21, 2019 05:09 PM - Luca Frosini

The bug has been solved. The service will be deployed as soon as ETICS build the artefact.

#### #5 - Mar 21, 2019 05:16 PM - Luca Frosini

@marketak@ics.forth.gr as soon I deploy the new version of the service can you try to republish one of the record attached as example?

#### #6 - Mar 22, 2019 09:42 AM - Yannis Marketakis

Of course. Just let me know when ready.

#### #7 - Mar 25, 2019 09:40 AM - Luca Frosini

- Status changed from In Progress to Closed

The patched service is available.

@marketak@ics.forth.gr, can you please try to update one of the identified records?

**#8 - Mar 26, 2019 10:10 AM - Yannis Marketakis**

Perfectly fine.  
Works as expected.

**#9 - Mar 26, 2019 10:10 AM - Luca Frosini**

Thank you

**#10 - Mar 26, 2019 10:34 AM - Aureliano Gentile**

Thanks a lot to all, do you confirm the accented words issue is over for all of them, or do we need to republish or what else? Thanks again

**#11 - Mar 26, 2019 10:38 AM - Yannis Marketakis**

The issue disappeared only for the two records that are mentioned above (I updated only those).  
For sure if we republish then we will get rid of other potential occurrences of these issues.

**#12 - Mar 26, 2019 10:39 AM - Aureliano Gentile**

Here a list of accented words and characters found in FIRMS

**Country names**

- Côte d'Ivoire
- São Tomé e Príncipe
- Sénégal

**Coordinates**

- (21°N - 16°N)
- (26°N - 21°N)
- (32°N-26°N)
- (northern stock 35°45"-32°N)
- (26°N - southern limit of species distribution)
- South 29°N

Thanks Aureliano,

According to these we have to update:

- 39 records from FIRMS
- 197 records from GRSF ADMIN
- 16 records from GRSF Public

@luca.frosini@isti.cnr.it let us know when ready.

**#15 - Mar 28, 2019 05:16 PM - Luca Frosini**

@marketak@ics.forth.gr I should have fixed the bug for all record field.

Unfortunately, I cannot test the issue on resources created using the referred records because I don't have the reference in the test environment.

I'll deploy the new version of the service as soon as ETICS will build the artifact.

**#16 - Mar 29, 2019 08:17 AM - Yannis Marketakis**

Thanks @luca.frosini@isti.cnr.it

Perfectly fine from my side

**#17 - Mar 29, 2019 11:49 AM - Luca Frosini**

I have deployed the latest version.

@marketak@ics.forth.gr can you please retry?

**#18 - Mar 29, 2019 12:22 PM - Yannis Marketakis**

Thanks @luca.frosini@isti.cnr.it .

Just updated [http://data.d4science.org/ctlq/GRSF\\_Admin/e3177c4d-4b09-386d-a25f-001b4a82caf1](http://data.d4science.org/ctlq/GRSF_Admin/e3177c4d-4b09-386d-a25f-001b4a82caf1)

and everything seems OK, except from the titles of the timeseries (the resources)

**#19 - Mar 29, 2019 12:43 PM - Luca Frosini**

Unfortunately, the update does not update the resources.  
Could it be an issue deleting the affected records and recreating them?  
If it is a problem, I'll find a workaround.

**#20 - Mar 29, 2019 12:56 PM - Yannis Marketakis**

Unfortunately, neither this option works  
Just deleted and published again [http://data.d4science.org/ctlq/GRSF\\_Admin/e3177c4d-4b09-386d-a25f-001b4a82caf1](http://data.d4science.org/ctlq/GRSF_Admin/e3177c4d-4b09-386d-a25f-001b4a82caf1)  
but the issue persists

**#21 - Apr 01, 2019 02:50 PM - Luca Frosini**

@marketak@ics.forth.gr thanks for your feedback. I'm investigating the issue.
