Dear FORTH colleagues, do you envisage a new data harvest before approving? At least from FIRMS where in the meantime we have published several more records, particularly for the northeast atlantic (ICES region)?

Also a few fisheries have been updated. Please let me know and in case I can provide the updated list of ID/OID/lang for FIRMS fact sheets.

#6 - Dec 03, 2018 02:35 PM - Yannis Marketakis

- Status changed from In Progress to Closed

- % Done changed from 0 to 100

We have already approved and published the records in the public GRSF VRE.

You can see the results in <https://services.d4science.org/group/grsf/data-catalogue>.
