Related to StocksAndFisheriesKB - Task #12861: Purge old records of the publi...			Closed Nov 12, 2018

History

#1 - Dec 06, 2018 11:26 AM - Luca Frosini

- Related to Task #12861: Purge old records of the public GRSF Catalogue added

#2 - Dec 06, 2018 12:46 PM - Luca Frosini

It seems an issue related to privileges of grsf.publisher with such catalogue:

```
2018-12-03 10:01:16,677 [Thread-63126] WARN AssociationToGroupThread: The user grsf.publisher has not enough privileges to associate the dataset into group OR the group Fishing Pressure doesn't exist
```

#3 - Dec 06, 2018 12:46 PM - Luca Frosini

@francesco.mangiacrapa@isti.cnr.it can you please check it?

#4 - Dec 06, 2018 12:46 PM - Luca Frosini

```

```

#5 - Dec 06, 2018 04:10 PM - Luca Frosini

- Status changed from In Progress to Rejected

- % Done changed from 0 to 100

The GRSF service automatically associates a group to a record using some defined fields. If the group does not exist the group is not created. Actually, the CAKN instance doesn't have any group si GRSF service cannot associate the record with the group.

@francesco.mangiacrapa@isti.cnr.it is going to create the missing groups.

then we need to republish the records.
