

D4Science Infrastructure - Incident #13013

Upgrade the Messages Portlet to gCube 4.13

Dec 10, 2018 03:32 PM - Francesco Mangiacrapa

Status:	Closed	Start date:	Dec 10, 2018
Priority:	Normal	Due date:	
Assignee:	Francesco Mangiacrapa	% Done:	100%
Category:	Application	Estimated time:	0.00 hour
Target version:	UnSprintable		
Infrastructure:	Production		
Description			
The Messages Portlet is not updated to gCube 4.13. We need to upgrade it.			
The last build is available at http://eticsbuild2.research-infrastructures.eu:8080/BuildReport/bdownload/AllBuilds/org.gcube.4-13-0/BUILD_67/dist/org.gcube/org.gcube.portlets-user.messages/2.1.0/sl5_x86_64_gcc412/org.gcube.portlets-user.messages-2.1.0-SNAPSHOT.tar.gz			
Unzipping the above targ.gz and then the war, by checking the libs the storagehub dependencies are missing in the Messages Portlet (The Workspace Explorer declares it as "provided" in the pom) so you consider a new build in 4.13.1 by including the storagehub-client dependency in the portlet.
