Thanks for the update.

I carried out some updates and this is what we're delivering.

@aureliano.gentile@fao.org let me know if it is OK.

Dear Yannis, thanks a lot.

But please note that the title **[Title]**. is still missing in the above proposal.

Thanks for the feedback. You are right. The updated citation is

I've included that as well.

I've updated one record in GRSF ADMIN so you can see the citation at  
[http://data.d4science.org/ctlq/GRSF\\_Admin/883a3b1d-2041-3a1c-9303-8dc09a3b2919](http://data.d4science.org/ctlq/GRSF_Admin/883a3b1d-2041-3a1c-9303-8dc09a3b2919)

As soon as we resolve other issues (i.e. [#16395](#), [#12421](#)) I'll update all the GRSF records (and the ones in GRSF Public VRE)

All the GRSF records have been updated in GRSF Admin.  
As a result the citation should have been updated for all of them.

Citation seems fine now. E.g. [https://i-marine.d4science.org/group/grsf\\_admin/data-catalogue?path=/dataset/48be89b1-40ed-3ffd-9e0d-70ffeaed08b8](https://i-marine.d4science.org/group/grsf_admin/data-catalogue?path=/dataset/48be89b1-40ed-3ffd-9e0d-70ffeaed08b8)  
However the "Date accessed" is still not working. See attached screenshot.

**#11 - May 19, 2022 01:52 PM - Yannis Marketakis**

If I remember correctly, this indicates the date that the record is accessed in the catalog.  
It was supposed to be a dynamic attribute that will be generated by the catalogue when the record was visualized.  
Am I correct? Do you remember something else?

**#12 - May 19, 2022 02:05 PM - Aureliano Gentile**

Yes, it is today's date.  
Nothing more than that, you cite a page indicating when you accessed it...(that is today)! ;-)

**#13 - May 19, 2022 02:29 PM - Yannis Marketakis**

This is something to be handled by the catalogue itself, not by the service publishing the records.  
@francesco.mangiacrapa@isti.cnr.it is that possible?

Hi all,

I confirm that the "Citation" facility/button (handled by the catalogue itself) takes the Citation field displayed in the record and replaces the part/placeholder "[Date accessed and/or downloaded]" with the current date.

On my side, the facility works as expected (see the attached screenshot). Tested on Firefox and Chrome.

If the problem persists, could you try with a hard refresh of the page? Thanks.

Let me know...

**#15 - May 20, 2022 11:21 AM - Aureliano Gentile**

Thanks Francesco, now I understand the issue. The Citation works fine from the "Button" while the today's date is not generated in the CKan record page (as per my previous screenshot). But indeed, if complex to fix it is not a big issue, so we can close this ticket.

Hi @aureliano.gentile@fao.org,

this is not a bug, but a requirement "approved" in the past (see <https://support.d4science.org/issues/10960#note-6>). In my opinion, the button "Citation" implemented is a good and explicit facility/functionality to cite a GRSF Record. Instead, I think the "Citation" field presented (as is) in the Catalogue/CKAN record page may be hidden (by the Catalogue itself), maintaining visible (only) the "Citation" button, and allowing the user to cite a GRSF Record only via "an explicit action" (so by clicking on) the "Citation" button.

Now, if my suggestion is:

- "good" - please you open a new ticket for the activity;
- "bad" - you can close this ticket.

Regards, F.

Dear all,

as reported in the previous comment, the Catalogue template displays the citation field with the message containing the placeholder "[Date accessed and/or downloaded]" that is replaced with the current time (and shown into a Pop-up to the user) by clicking on the "Citation" button. This use case is an expected behaviour, and it was a "defined/approved" requirement in the past. If we want to change this behaviour, it will be discussed and a new enhancement ticket opened in the future.

**#18 - Jun 09, 2022 03:05 PM - Aureliano Gentile**

Thanks Francesco for the detailed explanations, I think can stay as it is for now as at the moment we do have other priorities for the GRSF. This can be considered a minor issue and I agree this ticket is closed.
