

ISTI Open Access - Support #16919

Discuss and define the set of publications that must appear in ISTI Open Portal (before 2002)

Jun 12, 2019 11:40 AM - Leonardo Candela

Description			
<p>Right now the ISTI Open Portal harvester collects all the papers in the People ISTI set</p> <p>However this set contains publications preceding the ISTI beginning, one publication is from 1979!</p> <p>I would suggest to harvest only ISTI publications (from 2002 on).</p> <p>For publications belonging to IEI we should find another approach, e.g. dump what was in PuMa.</p> <p>The benefit of this approach are many including the fact that we will have all IEI publications (rather than the partial view resulting from People).</p> <p>This is an important discussion, before implementing any solution I'll like to hear the voice of the others.</p>

- % Done changed from 0 to 100

In a recent discussion we agreed to collect all the material People classify under the ISTI Umbrella (set).

We revised the description of the openportal gateway to clarify this.
