| <b>Infrastructure:</b>                                                                                                                                                                                                                          | Pre-Production         |                        |              |
| <b>Description</b><br>These new VMs should host Cassandra as social backend system.<br>Following the HW requirements:<br><br>4 GB ram,<br>4 vcpu,<br>25 GB disk space.<br><br>When the new VMs are ready we could install Cassandra via ansible |                        |                        |              |

#### History

##### #2 - Dec 11, 2015 04:44 PM - Paolo Fabriani

As anticipated during the November meeting in Athens, Eng is not able to provide new VMs before next January, due to a physical migration of the infrastructure to a different site.

##### #3 - Dec 11, 2015 04:51 PM - Roberto Cirillo

- Tracker changed from Support to Task

##### #4 - Feb 16, 2016 02:41 PM - Massimiliano Assante

@paolo.fabriani@eng.it , was the physical migration of the infrastructure to a different site complete?

##### #5 - Jul 26, 2018 03:07 PM - Pasquale Pagano

- Status changed from New to In Progress

##### #6 - Jul 26, 2018 03:08 PM - Pasquale Pagano

- Status changed from In Progress to Rejected
