

StocksAndFisheriesKB - Bug #20203

GRSF records management panel is still not working

Nov 27, 2020 03:02 PM - Aureliano Gentile

Status:	Closed	Start date:	Nov 27, 2020
Priority:	High	Due date:	
Assignee:	Yannis Marketakis	% Done:	10%
Category:		Estimated time:	0.00 hour
Target version:	GRSF		
Description			
The GRSF records management panel is still not working.			
Following the GRSF KB refresh we do need to use the management panel for further review/approve/merge/archive records, as well as to connect, flag, and annotate.			
CNR and FORTH colleagues, please, if possible make your best to solve this long awaited issue.			
@marketak@ics.forth.gr @pasquale.pagano@isti.cnr.it @luca.frosini@isti.cnr.it @francesco.mangiacrapa@isti.cnr.it

History

#1 - Nov 27, 2020 03:33 PM - Aureliano Gentile

An example for testing, we spotted that these two records can be merged:

da7c918f-b370-361c-9251-b4e06aa45d11 Penaeus aztecus - Gulf of Mexico asfis:ABS+lme:5 pending 13893

f8da143d-4b0c-3565-a639-06177cfb626b Farfantepenaeus aztecus - Gulf of Mexico asfis:ABS+unk:USA-NMFS-GM pending
BRNSHRIMPGM

FYI:
@bracken.vanniekerk@fao.org

#2 - Dec 09, 2020 01:03 PM - Yannis Marketakis

@luca.frosini@isti.cnr.it in order to test its behavior, can we change the URL of the service used from the management panel (now it should be <http://updater.grsf.d4science.org/grsf-services-updater>) to another hosted in our premises? I can provide you with the public URL of the service.

#3 - Dec 15, 2020 12:20 PM - Yannis Marketakis

Any updates on this?

#4 - Dec 17, 2020 08:42 AM - Luca Frosini

- Assignee changed from Luca Frosini to Francesco Mangiacrapa

#5 - Dec 17, 2020 12:09 PM - Francesco Mangiacrapa

- Status changed from New to In Progress
- % Done changed from 0 to 10

Hi all,

in the context of GRSF_Admin we have the current configuration in action:

```
<Resource version="0.4.x">
```

```
  <Type>RuntimeResource</Type>
  <Scopes>
    <Scope>/d4science.research-infrastructures.eu/FARM/GRSF_Admin</Scope>
  </Scopes>

  <Profile>
    <Category>Service</Category>
    <Name>GRSF Updater</Name>
    <Description>The service that allows GRSF administrators to manage GRSF records</Description>
    <RunTime>
      <HostedOn>athena.ics.forth.gr</HostedOn>
      <GHN UniqueID="" />
      <Status>READY</Status>
    </RunTime>
    <AccessPoint>
      <Description>The base url of the GRSF-Updater service</Description>
      <Interface>
        <Endpoint EntryName="GRSF Update service">http://athena.ics.forth.gr:9000/grsf-services-updater</Endpoint>
      </Interface>
    </AccessPoint>
  </Profile>
  ....
```

so the current URL of the GRSF service should be: <http://athena.ics.forth.gr:9000/grsf-services-updater>

@marketak@ics.forth.gr, do you want update this URL?

#6 - Dec 17, 2020 12:21 PM - Yannis Marketakis

@francesco.mangiacrapa@isti.cnr.it Are you sure it is this one and not <https://updater.grsf.d4science.org/grsf-services-updater/> ?

I just tried doing some activities with the management panel and I see that the second one is used.

#7 - Dec 17, 2020 03:58 PM - Francesco Mangiacrapa

@marketak@ics.forth.gr I just performed a test trying to manage a record via "Manage Item" (at https://i-marine.d4science.org/group/grsf_admin/data-catalogue)

The record is the first one in the list, it is http://data.d4science.org/ctlg/GRSF_Admin/99904192-d6fd-39e1-9995-a8a2985b1177

The logs are:

```
2020-12-17 14:49:10,911 INFO manage.GRSFNotificationService [ajp-bio-8009-exec-17,notifyProductUpdate:351] %1

#8 - Dec 17, 2020 04:54 PM - Francesco Mangiacrapa

@marketak@ics.forth.gr, let me know if you want to change that URL and how (from <http://athena.ics.forth.gr:9000/grsf-services-updater> to ?)

#9 - Dec 18, 2020 08:07 AM - Yannis Marketakis

Thanks @francesco.mangiacrapa@isti.cnr.it . For the moment do not change anything. Let me make some test and I'll let you know

#10 - Dec 28, 2020 11:52 AM - Francesco Mangiacrapa

- Assignee changed from Francesco Mangiacrapa to Yannis Marketakis

#11 - Feb 10, 2021 11:02 AM - Aureliano Gentile

Dear CNR and FORTH colleagues, this is a kind reminder for this long awaited issue and ticket, which so much prevent our colleagues to review and approve/merge/archive records in their autonomy.

Thanks in advance for your consideration

@bracken.vanniekerk@fao.org

@anton.ellenbroek@fao.org

@marketak@ics.forth.gr

@francesco.mangiacrapa@isti.cnr.it

@luca.frosini@isti.cnr.it

@pasquale.pagano@isti.cnr.it

#12 - Feb 10, 2021 11:23 AM - Yannis Marketakis

@aureliano.gentile@fao.org

Have you tried it? It seems to be working.

#13 - Feb 10, 2021 01:42 PM - Aureliano Gentile

Thanks a lot Yannis, I was not aware it was fixed. (Also, FishSource colleagues recently reported it was not working.)

I see you made some changes (and hopefully revert them). I also added an annotation text and seems working (although then I cannot remove it, but that is another story).

Furthermore, in the NewsFeed <https://i-marine.d4science.org/group/imarine-gateway> this link

You can inspect it here: http://data.d4science.org/ctlg/GRSF_Admin/a0bddbe4-1ccb-365e-98da-7c4f7a20f49b.

is broken since it is pointing to

http://data.d4science.org/ctlg/GRSF_Admin/a0bddbe4-1ccb-365e-98da-7c4f7a20f49b.%3Cbr%3E

but I guess this is for @francesco.mangiacrapa@isti.cnr.it or @massimiliano.assante@isti.cnr.it ?

With whom should I liaise to improve (simplify) the feed?

#14 - Feb 10, 2021 04:07 PM - Francesco Mangiacrapa

- Related to Feature #20688: Improve (simplify) the text repoted by GRSF post for merging added

#15 - Feb 10, 2021 04:07 PM - Pasquale Pagano

@francesco.mangiacrapa@isti.cnr.it please check the latest comment from Aureliano.

#16 - Feb 10, 2021 04:07 PM - Francesco Mangiacrapa

- Related to Bug #20685: News feed - bad href in the GRSF post for merging added

#17 - Feb 10, 2021 04:17 PM - Massimiliano Assante

Hi, the link gets broken because some HTML code is present in the post, and this is not permitted.

You can inspect it here: http://data.d4science.org/ctlg/GRSF_Admin/a0bddbe4-1ccb-365e-98da-7c4f7a20f49b.

This is a summary of the actions proposed:

-Information of the record managed:

Please replace the BR tags with new lines. Alternatively you can simply add a space between the dot and the BR tag.

#18 - May 25, 2022 04:45 PM - Francesco Mangiacrapa

In my opinion, @marketak@ics.forth.gr, if on the KB-side the business logic is OK (see previous [#20203#note-13](#)), this activity could be closed. I just opened the new one ([#23406](#)) and after the patch that will be released to fix [#23408](#), a new test of the "GRSF Management Panel" will be performed (by @aureliano.gentile@fao.org)

#19 - May 26, 2022 09:40 AM - Yannis Marketakis

- Status changed from In Progress to Closed

This ticket is rather old (and probably obsolete).
Since there is a new one, I agree to close this and test management panel in [#23406](#)
