Description			
Dear Yannis			
<p>Please find the next iteration of 71 records for your kind attention for either APPROVAL, MERGING, UNMERGING or ARCHIVING. Please find them in the attached file, within the ACTION FOR FORTH column (column J), red text + highlighted in YELLOW, with either of the 4 above actions listed.</p> <p>For the MERGES, the same text has been placed in column J for the respective records that need to be merged for ease of filtering. There is one record (UUID 66ae8ff7-f86a-36de-9d58-6e31de05d1ed) that needs to please be unmerged and then remerged accordingly.</p> <p>There is also one record that requires archiving and 2 that require type changes (Assessment unit to Marine Resource). For now, please ignore the other records and actions in red text as these still require further clarification.</p> <p>Many thanks in advance!</p> <p>FYI @aureliano.gentile@fao.org</p>

We have prepared questions for FishSource and RAM colleagues regarding other merges and approvals. We will revert to you with a new ticket when ready.
