

ISTI Open Access - Incident #21960

People: missing encoding for projects containing "/" in their name

Sep 06, 2021 03:52 PM - Leonardo Candela

Status:	Closed	Start date:	Sep 06, 2021
Priority:	Normal	Due date:	
Assignee:	Leonardo Candela	% Done:	100%
Category:		Estimated time:	0.00 hour
Target version:	ISTI Open Portal Issues		
VREName:			
Description <p>We have been informed that the association between publications and projects is not properly handled.</p> <p>It turned out that this was caused by an erroneous encoding of project names when they contain "/".</p> <p>For instance the relation contains</p> <pre><dc:relation> info:eu-repo/grantAgreement/EC/H2020/871793//Adaptive edge/cloud compute and network continuum over a heterogeneous sparse edge infrastructure to support nextgen applications/ACCORDION </dc:relation></pre> <p>instead of</p> <pre><dc:relation> info:eu-repo/grantAgreement/EC/H2020/871793//Adaptive edge%2Fcloud compute and network continuum over a heterogeneous sparse edge infrastructure to support nextgen applications/ACCORDION </dc:relation></pre> <p>People team is working to fix this.</p>			

History

#1 - Sep 07, 2021 08:55 AM - Leonardo Candela

- Status changed from New to Resolved
- % Done changed from 0 to 100

People metadata have been fixed and IOP is properly managing the correctly encoded project names.

#2 - Sep 08, 2021 07:08 PM - Leonardo Candela

- Status changed from Resolved to Closed
