The messages used to publish social posts from "grsf-manage-widget" have been rewritten with new lines \n' instead of the HTML tag`

```
POST_MESSAGE = "Dear members,\nThe record 'PRODUCT_TITLE' has been just updated by USER_FULLNAME.\nYou can inspect it here: LINK_RECORD.";
```

```
POST_ON_REVERT = "Dear members,\na merge operation has been reverted on this record RECORD_URL by ADMIN_WHO_CHANGED. The merge was originally proposed by ORIGINAL_USER.";
```

The messages sent via emails will continue to keep the HTML tag
