I've just tried in GRSF-ADMIN and I encounter the following:

```
{
  "id": null,
  "knowledge_base_id": null,
  "product_url": null,
  "error": "Error while performing a POST! Request url is:https://ckan-grsf-admin.d4science.org/api/3/action/package_update CkanResponse{error=Ckan error of type: Search Index Error message:Unable to add package to search index: Solr returned an error: (u'Solr responded with an error (HTTP 500): [Reason: Exception writing document id f43067cf2e9a7e5ad418918a1ac769be to the index; possible analysis error. ]',) Other fields:{}, success=false, help=https://ckan-grsf-admin2.d4science.org/api/3/action/help_show?name=package_update} CkanClient{catalogURL=https://ckan-grsf-admin.d4science.org, ckanToken=*****MASKED_TOKEN*****}"
}
```

In GRSF public, some records were published, however we encounter other types of errors like the following:

```
{
  "id": null,
  "knowledge_base_id": null,
  "product_url": null,
  "error": "Error while performing a POST! Request url is:https://ckan-grsf.d4science.org/api/3/action/package_create CkanResponse{error=Ckan error of type: Search Index Error message:Unable to add package to search index: Solr returned an error: (u'Solr responded with an error (HTTP 500):
```

```
[Reason: Exception writing document id fa222d9220bdd9f1f3d7fe6aca92897f to the index; possible analysis error.
]',)
Other fields:{}, success=false, help=https://ckan-grsf.d4science.org/api/3/action/help_show?name=package_create}
CkanClient{catalogURL=https://ckan-grsf.d4science.org, ckanToken=*****MASKED_TOKEN*****}"
}
```

A json object that causes the aforementioned failure is attached

Hi all,

due to an unexpected restart on some SOLR machines, they are using a wrong configuration, we will fix them asap (this ticket is blocked by #23464)

Dear @marketak@ics.forth.gr,

we have just fixed the SOLR configuration of ckan-grsf and grsf-admin, can you retry the publishing? Thanks
