There are two versions of statistical-manager-ewe-integrator library released in 3.10.1: "1.0.0-3.10.1" and "0.0.1-3.10.1".

For version 1.0.0, the last upload on nexus was: today at 12:06:06 CET

For version 0.0.1, the last upload on nexus was: Fri Feb 19 at 16:29:12 CET

What is the correct version?

#5 - Mar 02, 2016 05:30 PM - Gianpaolo Coro

Please use v. 1.0.0-3.10.1

Indeed we have just realized that the AbsencegenerationfromOBIS has been corrupted (the size does not correspond to the one I downloaded for the tests) and we will use the following instead:

```
<dependency>
  <groupId>rapidminer-custom</groupId>
  <artifactId>AbsencegenerationfromOBIS</artifactId>
  <version>1.0.1</version>
</dependency>
```
