<b>Target version:</b>	GRSF		
<b>Description</b>			
Dear Yannis,			
We noticed an incorrect merge of the record Norway lobster - Noup (FIRMS ID 13450, FishSource code 1167, RAM code NEPHFU7, UUID 883a3b1d-2041-3a1c-9303-8dc09a3b2919).			
Please could we ask that this record is unmerged, whereby the FishSource record (FishSource code 1167) and RAM record (RAM code NEPHFU7) are then merged (and approved) with FIRMS record Norway lobster - North Sea (Fladen) (FIRMS ID 10378, UUID c8eebe8d-1a24-3f17-94c7-f15ac296365c) while retaining their approved UUID (883a3b1d-2041-3a1c-9303-8dc09a3b2919).			
Additionally, please would you merge (and approve) the FIRMS record (FIRMS ID 13450) with FishSource and RAM record Norway lobster - Noup (FishSource code 2061, RAM code NEPHFU10, UUID 1f52bc9b-2351-39e4-a28c-899667c8fbfa) while retaining their approved UUID (1f52bc9b-2351-39e4-a28c-899667c8fbfa).			
Many thanks			
@aureliano.gentile@fao.org
