The selection of the assignee is tentative. @pasquale.pagano@isti.cnr.it any suggestion on the "right" assignee?

#2 - Mar 15, 2016 07:34 PM - Pasquale Pagano

The assignee is correct. If does not pertain to @luca.frosini@isti.cnr.it then he will reassign it to @andrea.dellamico@isti.cnr.it.

#3 - Mar 15, 2016 07:41 PM - Luca Frosini

- Assignee changed from Luca Frosini to Massimiliano Assante

The previous solution was made in collaboration between @andrea.dellamico@isti.cnr.it and @massimiliano.assante@isti.cnr.it. @massimiliano.assante@isti.cnr.it provided the html to be displayed. @andrea.dellamico@isti.cnr.it made it effective through ansible. I'm going to reassign it to @massimiliano.assante@isti.cnr.it for first step.

#4 - Mar 15, 2016 09:15 PM - Massimiliano Assante

- Status changed from New to Rejected

The reason why we don't have a direct link is because users could belong to different portals and we don't know which one. We can improve the text but we cannot add a link to the forgot password facility page of the portal because we don't know where to point the user to.

With Liferay 6.2 we're gonna have one sigle database, then this would be possible
