History

#1 - May 02, 2016 03:23 PM - Massimiliano Assante

- Status changed from New to Closed

- Assignee changed from Roberto Cirillo to Massimiliano Assante

- % Done changed from 0 to 100

The jackrabbit repo was restarted successfully from the first tests it seems we're back on regular functioning. The incident is fixed.

Also, I found a catalina.out of 1.6 GB. which I saved in the tomcat/logs folder of the jack rabbit repo host machine, I'm now opening a new task to rotate the catalina.out on this machine

```
rw-rw-r--  1 gcube gcube 1691701168 May  2 15:11 catalina.OLD_MAY_2_2016.out
```
