Description			
If I submit a remote build, I see in the submission tab, the status of the component set to "Not Found": https://etics.esl.eng.it/etics-gui/ The component is blocked in this state and it doesn't go in the running state			

History

#1 - Jul 21, 2015 09:59 AM - Paolo Fabriani

- Status changed from New to In Progress
- % Done changed from 0 to 100

We had a problem with condor (the master daemon crashed). It should be working now.

#2 - Jul 21, 2015 11:51 AM - Pasquale Pagano

You should replace Condor with gCube as HTC environment to deliver large amounts of computational power over a long period of time.
errare humanum est perseverare autem diabolicum ... :-)

#3 - Jul 21, 2015 12:39 PM - Paolo Fabriani

gCube ... sounds interesting. I should google a bit about it :)

#4 - Jul 22, 2015 11:21 AM - Roberto Cirillo

- Status changed from In Progress to Closed
