D4Science Infrastructure - Task #469

Move some VMs to the new hypervisor to set some servers free and usable to experiment with OpenStack

Aug 04, 2015 06:24 PM - Andrea Dell'Amico

Status:	Closed	**Start date:**	Aug 04, 2015
Priority:	Urgent	**Due date:**	
Assignee:	_InfraScience Systems Engineer	**% Done:**	100%
Category:	System Application	**Estimated time:**	0.00 hour
Target version:	Consolidate VMs to make place for OpenStack		
Infrastructure:	Production		

Description

We need some servers to start working with OpenStack. Some middle sized ones can be used.

Subtasks:

Task # 470: Install the new hypervisor server	**Closed**
Task # 471: Locate the hypervisors to dedicate to OpenStack	**Closed**
Task # 472: Move the VMs from the 'OpenStack servers' to the new hypervisor	**Closed**
Task # 2514: Free dlib8x and dlib10x and assign them to the ganeti cluster	**Closed**
