Description

Hi,
as per conversation with Roberto Cirillo, I'd like to have access to the ansible repo to take a look at what's been done to automate gCube services' deployment (and to contribute too, possibly).

Thanks

Thanks Andrea,
unfortunately I can't access with daniele-pavia/changeitasap. The account seems to be active, but I get an "Email and/or password did not match, please try again" error message.

I actually had to login with my email address. Anyway, after resetting my password I could easily login. Thanks!
