

D4Science Infrastructure - Task #5457

Task # 5447 (Closed): Provide maintainable solution for hosting static web-apps + SFTP access for easy maintenance

Data transfer should support update

Oct 07, 2016 02:36 PM - Pasquale Pagano

Status:	Closed	Start date:	Oct 07, 2016
Priority:	Normal	Due date:	
Assignee:	Fabio Sinibaldi	% Done:	100%
Category:	Data Management	Estimated time:	0.00 hour
Target version:	Dataminer and StatMan provisioning		
Infrastructure:	Development, Production		
Description			
The data transfer service should support the capability to update previously transferred files and directories.			

History

#1 - Oct 21, 2016 04:18 PM - Fabio Sinibaldi

Current implementation supports these policies in case the file to transfer is already found in the specified path:

- throw error
- rewrite
- create numeric suffix eg: fileName(1), fileName(2)
- append

These policies can be applied distinctively to folders and files.

Is this enough?

#2 - Oct 21, 2016 05:24 PM - Pasquale Pagano

- Status changed from New to Closed
- % Done changed from 0 to 100

Yes, the policies you provide satisfy the request.
