

## D4Science Infrastructure - Task #5617

### iSearch enhancement: deploy index-search and harvester portlets

Nov 02, 2016 03:32 PM - Panagiota Koltsida

<b>Status:</b>	Closed	<b>Start date:</b>	Nov 02, 2016
<b>Priority:</b>	Normal	<b>Due date:</b>	Nov 11, 2016
<b>Assignee:</b>	Massimiliano Assante	<b>% Done:</b>	100%
<b>Category:</b>		<b>Estimated time:</b>	1.00 hour
<b>Target version:</b>	D4Science Infrastructure Upgrade to gCube 4.1.0		
<b>Infrastructure:</b>	Production		
<b>Description</b>			
Could you please deploy and make available the index-search and harvester portlets under the iSearch VRE?			
<ul style="list-style-type: none"><li>Harvester portlet should be available to VRE managers only while the index-search should be available to all users.</li></ul>

#### History

##### #1 - Nov 04, 2016 09:43 AM - Leonardo Candela

- Tracker changed from Task to VRE
- Subject changed from Deploy index-search and harvester portlets to iSearch VRE to iSearch enhancement: deploy index-search and harvester portlets
- Due date set to Nov 11, 2016
- VRE\_Policy set to Open
- Invite\_Policy set to Open

##### #2 - Nov 04, 2016 09:48 AM - Leonardo Candela

- Project changed from D4Science Infrastructure to 8
- Target version deleted (UnSprintable)

Shall we identify a list of sources to populate the "data space", @p.koltsida@di.uoa.gr do you have any initial list?

One possibility might be that to "harvest" the D4S Geonetwork ... it offers also a OAI-PMH endpoint.

It is meaningless to have the search facility without content.

##### #3 - Nov 04, 2016 01:24 PM - Panagiota Koltsida

@leonardo.candela@isti.cnr.it definitely we should enable some data sources. We are now in the phase of identifying useful oai-pmh sources and we could of course harvest the D4S Geonetwork

##### #4 - Nov 04, 2016 02:42 PM - Massimiliano Assante

- Tracker changed from VRE to Task
- Project changed from 8 to D4Science Infrastructure
- Status changed from New to In Progress
- Target version set to D4Science Infrastructure Upgrade to gCube 4.1.0
- Estimated time set to 1.00 h
- Infrastructure Production added

##### #5 - Nov 04, 2016 02:52 PM - Massimiliano Assante

- Status changed from In Progress to Feedback
- % Done changed from 0 to 100

@p.koltsida@di.uoa.gr

the index-search portlet is already deployed since the upgrade on iSearch <https://services.d4science.org/group/isearch/search> (it has some issues with margin-top though)

the OAI\_PMH Harvester has been added to the VRE Managers for the iSearch VRE <https://services.d4science.org/group/isearch/oai-pmh-harvester>

**#6 - Nov 04, 2016 03:01 PM - Panagiota Koltsida**

I Think @laskarishn@di.uoa.gr has fixed the issue with the margin and had managed to include in the 4.1 release. Nikola, could you please clarify this?

**#7 - Nov 04, 2016 03:06 PM - Nikolas Laskaris**

No, this modification (just a single conflicting line on a css) has not been included in 4.1, because it was made after the release was closed (was noticed on preprod).

I think we can live with that till the next release :)

**#8 - Nov 04, 2016 03:11 PM - Nikolas Laskaris**

I now notice that it's hiding a significant part of the menu!!! On preprod it was not that much noticeable. (there's a difference on css?)

If we need to apply a fix, please let me know in order to specify that css conflicting line.

**#9 - Nov 04, 2016 03:21 PM - Massimiliano Assante**

- *File Screen Shot 2016-11-04 at 15.21.35.png added*

the css is not different, the fact is that in preprod there are so many portlets together that the navigation menu is doubled, so you notice it less than in prod.

**#10 - Nov 04, 2016 03:24 PM - Nikolas Laskaris**

Oh, ok. So, in production it hides almost all the bar... this is severe!

**#11 - Nov 08, 2016 02:56 PM - Massimiliano Assante**

- *Status changed from Feedback to Closed*

**#12 - Nov 08, 2016 02:58 PM - Massimiliano Assante**

- *Related to Task #5684: Please fix graphical glitch for index search portlet added*
