

D4Science Infrastructure - Task #5653

Do not store the user token inside the get-scopes script

Nov 04, 2016 06:17 PM - Andrea Dell'Amico

Status:	Closed	Start date:	Nov 04, 2016
Priority:	Normal	Due date:	
Assignee:	Andrea Dell'Amico	% Done:	100%
Category:	System Application	Estimated time:	0.00 hour
Target version:	UnSprintable		
Infrastructure:	Development, Pre-Production, Production		
Description			
Right now we are storing the user token inside the get-scopes script. This is a security problem and it means that anybody logged as gcube can execute the script using that token.			
We should also put the scopes list inside an additional file: this would help the EGI images configuration.			

History

#1 - Nov 04, 2016 06:18 PM - Andrea Dell'Amico

- Status changed from New to In Progress
- % Done changed from 0 to 50

I just pushed a commit for the first part. Now working on the second one.

#2 - Nov 04, 2016 07:43 PM - Andrea Dell'Amico

- Status changed from In Progress to Closed
- % Done changed from 50 to 100

Fixed the second part too.
