D4Science Infrastructure - Task #6319

node4.d.d4science.research-infrastructures.eu: upgrade OS

Jan 10, 2017 06:30 PM - Roberto Cirillo

Status:	Closed		**Start date:**	Jan 10, 2017
Priority:	High		**Due date:**	
Assignee:	_InfraScience Systems Engineer		**% Done:**	100%
Category:	System Application		**Estimated time:**	0.00 hour
Target version:	UnSprintable			
Infrastructure:	Development			
Description				
The OS on the VM above should be upgraded, please and another user (gcube) should be added.				

History

#1 - Jan 10, 2017 06:31 PM - Roberto Cirillo

I want to add another instance of ResourceManager service on scope "/gcube" in order to reproduce the Production environment.

#5 - Jan 12, 2017 12:35 PM - Tommaso Piccioli

- *Status changed from New to Closed*

- *% Done changed from 0 to 100*

A new host node6-d-d4s.d4science.org (with new OS) has been added to carry on this activity.
