D4Science Infrastructure - Task #6535

Increase memory of redmine.d4science.org of 1GB and restart the VM

Jan 23, 2017 11:47 AM - Massimiliano Assante

Status:	Closed		**Start date:**	Jan 23, 2017
Priority:	High		**Due date:**	Jan 25, 2017
Assignee:	_InfraScience Systems Engineer		**% Done:**	100%
Category:	System Application		**Estimated time:**	0.00 hour
Target version:	UnSprintable			
Infrastructure:	Production			

Description

redmine.d4science.org is getting slower and slower, i see the occupation of memory is full, perhaps increasing it of 1GB may help the situation.

History

#1 - Jan 23, 2017 11:48 AM - Massimiliano Assante

- Subject changed from Increase memory of redmine.d4science.org of 1G and restart the VM to Increase memory of redmine.d4science.org of 1GB and restart the VM

- Description updated

#2 - Jan 25, 2017 07:13 PM - Tommaso Piccioli

- Status changed from New to Closed

- % Done changed from 0 to 100

Done, redmine memory up to 4800 MB
