

D4Science Infrastructure - Task #6543

Create 1 instance of postgresql

Jan 23, 2017 05:09 PM - Alessandro Pieve

Status:	Closed	Start date:	Jan 23, 2017
Priority:	High	Due date:	
Assignee:	_InfraScience Systems Engineer	% Done:	100%
Category:	Application	Estimated time:	0.00 hour
Target version:	UnSprintable		
Infrastructure:	Development		
Description			
I need a instance with installed postgresql for save the information quota			

History

#1 - Feb 15, 2017 12:11 PM - Andrea Dell'Amico

- Status changed from New to Closed
- % Done changed from 0 to 100

The db was created on dev2.d4science.org days ago.

It was created manually, btw. I backported the databases list into the ansible playbooks data because otherwise any playbook run would destroy the firewall setup.
