<b>Description</b>			
Username pierpaolo.petriccione, he has an account on the liferay ldap server, if SVN is still attached to the old LDAP then probably the user has to be copied from the liferay ldap server to the old one.

Pierpaolo, could you please try again?  
your account was already in the old LDAP but not in the right groups.

not working, please fix it

##### #6 - Feb 17, 2017 01:10 PM - Tommaso Piccioli

Could you please check again?  
The configuration seems to be OK and the user/password is the same on both LDAP.

You could try with a browser too.
