<b>Description</b>			
In a created folder, I tried to assign a grant to a VRE member getting a general error. The operation fails.

Which folder did you share? Please @e.trumpy@igg.cnr.it , could you try to set permissions again?

Checked now, same problem.  
The folder I tested is:  
GEMex/WP3/Task3.1/test\_folder

I tried yesterday the same in EGIP VRE, same problem.
