

D4Science Infrastructure - Task #8778

Accounting Status in Production

May 29, 2017 02:54 PM - Pasquale Pagano

Status:	Closed	Start date:	May 29, 2017
Priority:	Normal	Due date:	Dec 31, 2017
Assignee:	Luca Frosini	% Done:	100%
Category:	System Application	Estimated time:	0.00 hour
Target version:	infrastructure core services		
Infrastructure:	Production		
Description			
Please provide an update every week of the status of the accounting. It could be very useful to report systematically (every Monday):			
1. the total number of records accounted			
2. the latest day aggregated daily			
3. the latest day aggregated monthly			

History

#1 - May 29, 2017 05:24 PM - Luca Frosini

Storage Status : 115,288
Task : 179

Latest day aggregated daily : 19/01/2017
Latest day aggregated monthly : 17/11/2016

#3 - Jun 05, 2017 10:47 AM - Luca Frosini

Job : 98,294
Portlet : 0
Service : 18,993,152
Storage : 1,617,009
Storage Status : 128,379
Task : 203

Latest day aggregated daily : 08/02/2017
Latest day aggregated monthly : 17/11/2016

#4 - Jun 06, 2017 04:36 PM - Luca Frosini

- Subject changed from Accounting Status in product to Accounting Status in Production

#5 - Jun 06, 2017 04:42 PM - Luca Frosini

Last Monthly aggregation was made at 17/05/2017 and the last day was 17/11/2016.

Going to investigate why is not running.

#6 - Jun 06, 2017 05:33 PM - Luca Frosini

Monthly aggregation was not scheduled.

@pasquale.pagano@isti.cnr.it as we agreed monthly aggregation will be scheduled when the daily one will recover the gap. At such a time, we will provide less time to daily aggregation and we will use the rest of the time for monthly aggregation.

#7 - Sep 21, 2017 02:43 PM - Luca Frosini

- Status changed from In Progress to Closed

I'm going to close this ticket because we use the google doc linked above

#8 - Sep 21, 2017 02:44 PM - Luca Frosini

- % Done changed from 0 to 100
