D4Science Infrastructure - Task #9017

New MongoDB Cluster for preprod

Jun 23, 2017 04:01 PM - Massimiliano Assante

Status:	Rejected		**Start date:**	Jun 23, 2017
Priority:	Urgent		**Due date:**	Jun 30, 2017
Assignee:	Roberto Cirillo		**% Done:**	100%
Category:			**Estimated time:**	0.00 hour
Target version:	infrastructure core services			
Infrastructure:	Pre-Production			

Description

We need a MongoDB Cluster for preproduction as soon as possible. The cluster should not be very powerful and performant as the one of production.

@roberto.cirillo@isti.cnr.it please start this activity asking the necessary nodes and thinking on the necessary changes needed for the discovery of the resources.

The new cluster should be ready by the end of the month, possibly. So that we can start the preprod testing o 4.6 against it.
