Description

Yesterday I created two new VREs for the SMEs in WP6 in FARM VO.

- STRATOS AQUACULTURES
- MARKELLOS_Aquaculture

However, if I open the VRE Modeler VRE list they are missing. Yesterday they were there.

you closed the ticket but you didn't solve the issue.

The VREs are still missing from the VRE Modeler. They must be there otherwise we cannot control their lifetime.
