Description

Hi Andrea,
coul you deploy the jar for smartMeteoexcutor.?
You find the file at the link https://goo.gl/uzWtMJ
Thx Lore

- % Done changed from 0 to 100

Done.
I had to remove the slf4j classes from your jar file because they conflicted with the smartexecutor ones.

- Status changed from Feedback to Closed

I am going to close the support request since no feedback was provided in the last day. I remember you that we have SLA for support request and therefore timing feedback is required.
