

D4Science Infrastructure - Task #9357

www.d4science.org (and www.gcube-system.org) does not start at boot

Jul 22, 2017 04:21 PM - Andrea Dell'Amico

Status:	Closed	Start date:	Jul 22, 2017
Priority:	Normal	Due date:	
Assignee:	_InfraScience Systems Engineer	% Done:	100%
Category:	System Application	Estimated time:	0.00 hour
Target version:	UnSprintable		
Infrastructure:	Production		
Description			
There is no startup script, so each time the VM is restarted someone must manually start the service.			

History

#1 - Jul 22, 2017 04:23 PM - Andrea Dell'Amico

@luca.frosini@isti.cnr.it we have a solution used on the infra gateway servers that could be adopted on the portals too. We need to share a file that contains the environment variables between the init startup script and the manually executed one.

#2 - Jul 24, 2017 09:47 AM - Luca Frosini

@andrea.dellamico@isti.cnr.it did you want cite @massimiliano.assante@isti.cnr.it ?

#3 - Jul 24, 2017 03:52 PM - Andrea Dell'Amico

whoever has to start/stop the service.
I will proceed in the same way I've done on the infra gateways.

#4 - Sep 28, 2017 06:02 PM - Andrea Dell'Amico

- Status changed from New to Closed
- % Done changed from 0 to 100

Done. Now the service must be started/stopped as root, with the command:

```
start portal
stop portal
```
