Description I want to generate a folder link on a subfolder in Workspace > VRE Folders > BlueBridgeProject > Meetings > Project Meetings where I am not the owner of the folder (Jessica Michel is) but I am the Administrator of the whole BlueBridgeProject VRE Folder, I cannot do it although I am the Admin, see screenshot attached.

- Status changed from In Progress to Closed

- % Done changed from 0 to 100

The issue has been fixed portlet side, because an administrator (not owner) could create a folder link just for the shared root. The fix will be released in gCube 4.6.1.
