Description

I want to upload and modify the project "SIMULFISHKPIS_PRE" in preVRE. I do the followings steps:

1. log in to https://pre.d4science.org/group/prevre/sai
2. click on Project -> Open and select the folder named "SIMULFISHKPIS_PRE"
3. press Select and the empty error message is appeared (see attachment)

Please advice!

Thank you in advance
Gerasimos Antzoulatos

(Please correct choice of the sprint if it is wrong)

History

#1 - Sep 27, 2017 01:03 PM - Massimiliano Assante

- Assignee changed from Massimiliano Assante to Giancarlo Panichi

#2 - Sep 27, 2017 02:39 PM - Giancarlo Panichi

- Status changed from New to Rejected

Today, in Preproduction there are some tests, so it may happen that something does not work.
However, the development of algorithms must be done in Production and possibly in RPrototypingLab.
Please, @gantzoulatos@i2s.gr moves your activities into that VRE.
